Dear Wendy

### Health Promoting Schools Status

On behalf of The Highland Council and NHS Highland we would like to congratulate you on your Health Promoting Schools status which ensures that Health and Wellbeing is embedded throughout the school community. The Health and Wellbeing of pupils is a key focus within a **Curriculum for Excellence** and is a key responsibility of all staff within the school community.

In congratulating the school, we acknowledge the efforts of all members of the school community. This includes all pupils, parents / carers and staff in the school who have built Health and Wellbeing into the school's culture.

*'A Health Promoting School is one that constantly strengthens its capacity as a healthy setting for living learning and working'*, World Health Organisation 2006. This definition describes what we believe is evident throughout your school.

Your whole school community effort will make a difference to your pupil's lives by ensuring they have the best possible conditions for learning, teaching and achieving.

Yours sincerely

Ian Murray  
Head of Community Learning & Leisure  
The Highland Council, Education, Culture & Sport

Eric Baijal  
Director of Public Health  
NHS Highland, Public Health Department
